# Struggling to find serial numbers on your assets?

Are you sick and tired of entering data, wasting hours and productivity?

With EZYiD you could be adding at least 80%* back into positive productivity!

Now there's a better way to audit your assets!

EZY iD ™

The painful task of auditing **PPE and working at heights equipment** absorbs many human hours that can influence accurate data entry. Errors can have a devastating effect on your most valuable asset, your people.

Decreasing the time it takes to audit equipment and assets is now easy with **EZYiD.**

Using state of the art RFID technology, **EZYiD** uses power-packed micro-chipped tags that are integrated into working at heights and personal protection equipment.

EZYiD is exponentially revolutionising how companies use work hours more effectively to audit assets. **Would you like more productivity from your workforce?**

EZYiD is flexible, mobile and easy to integrate into your existing auditing software.

"It's a no brainer!"

EZY iD™
Tiny tags that pack a punch!

BENEFITS:

- Makes identifying assets easy (**EZYiD**)
- Time saving
- Reduces human error
- Flexible with your existing audit software (keyboard emulation)
- Portable system
- Customised to your needs
- Revolutionises asset management
- **EZYiD** tag, ties and stickers can be applied manually to any product
- Improves productivity

HOW IT WORKS

3 Easy Steps

1. Purchase from the range of **EZYiD** finished products and retro fit **EZYiD** stickers, ties and tags to your existing assets.

2. Connect the reader to your PC, laptop or mobile device via blue-tooth.

3. Simply point and press the **EZYiD** reader at the **EZYiD** tag and the data will automatically upload to your existing software. **It can't be any easier!**

EZY iD™ Are you ready for a demonstration on how **EZYiD** can change the way you're conducting audits and tracking assets?

Manufactured integration of the power packed tags

Carabiners manufactured with **EZYiD®** intelligence

**EZYiD** reader and robust tags with industrial strength glue
